RE: Stonecroft Ministries and National Day of Prayer 2009

Dear Stonecroft Prayer Consultants and Prayer Coordinators,

These are exciting days as God is expanding our prayer ministry and at the same time growing our Stonecroft Bible Studies ministry. One way He is bringing this about is through collaboration with the National Day of Prayer.

Stonecroft Ministries and National Day of Prayer began partnering together in 2007 when local Stonecroft volunteers throughout California participated in National Day of Prayer events and led their own community prayer events. In May 2008, we expanded our collaboration by encouraging all Stonecroft volunteers to participate in their local National Day of Prayer event. Many Stonecroft leaders responded and organized National Day of Prayer events, and in so doing, were able to also promote and launch Stonecroft Bible Studies as a result of these events.

We continue to build this ministry relationship in 2009. New this year, we are supplying Stonecroft volunteers with online maps from the National Day of Prayer to show areas where Prayer events are needed. As Stonecroft leaders respond to holding events in these areas, we provide pivotal leadership in covering our country in prayer. Working together provides a springboard for starting Stonecroft Bible Studies, and more importantly, seeing more people seek God on and following the May 7 events.

This is your invitation to become involved.

I would like to invite you to join me for a free National Conference Call on **Friday, March 13th at 2:00 PM EST (1:00 PM CST, Noon MST, 11:00 AM PST)** to discuss this further and answer questions. I encourage you to dial in and invite anyone in your community who would be interested in learning more.

Making Christ known is at the heart of Stonecroft Ministries, and we believe that this ministry relationship leads us forward in our mission to see people come to Christ!
