

Practical Steps to National Day of Prayer involvement by Stonecrock Volunteers

Here's how to get involved:

- Review the maps from the National Day of Prayer then contact NDP County Coordinators (names can be found at the NDP website www.nationaldayofprayer.org) to determine if local representation is already in place for a National Day of Prayer event. This will determine if you and other Stonecrock volunteers will organize an event using National Day of Prayer formats or come alongside and support an existing event.
- If you are passionate about prayer and would like to hold a National Day of Prayer event, simply sign up to be an Event Coordinator at www.nationaldayofprayer.org.
- At every NDP event where a Stonecrock volunteer is the leader, she is allowed and encouraged to promote Stonecrock Ministries. Specifically, display Stonecrock Bible Studies in a booth or on a table and distribute SBS brochures and information.
- Conference calls can be arranged with Stonecrock Field Directors, Stonecrock volunteers, and NDP Leadership throughout the regions where there is interest in participating jointly to discuss the strategies for working together. Call your Field Director to arrange details for these calls.
- For any event that Stonecrock sponsors – the Stonecrock volunteer and/or Event Sponsor will fill out a NDP Task Force application and post the event location on the NDP website.
- The NDP website has many helps for organizing this event, including banners, poster, program templates, etc. Most promotional information is ready to be downloaded, customized, and printed.
- Use invitation! Invite those at your April outreach event to the May NDP event in your area and invite those at the NDP event to your May or June outreach event.

We know this ministry relationship will encourage people to pray and to see the value of being in God's Word. Prayer and Bible study go hand in hand. When believers gather to do both, they prepare themselves well to share Christ with others.

Stonecrock Ministries counts it a privilege to come alongside the National Day of Prayer Task Force to help expand corporate national prayer and Bible study in America.
