

Dear Stonecroft Prayer Coordinators, Leaders, and Consultants,

It is our desire to faithfully equip you as leaders in prayer, and provide flexibility and options so you can follow the Holy Spirit's leading.

From July '08 through July '09, we are providing additional prayer resources with each *Prayer Connection* mailing that will equip you in your role.

In July, you received the *ACTS Prayer Format* and in November, you received the *Prayer Principles* tool. These and all other prayer resources are available online.

- Go to www.stonecroft.org.
- Click *Leaders*.
- Enter your personal number and password.
- Click *Publications*.

Benefits of *Women of Prayer*

Allow me to introduce the next resource which studies the prayer lives of two biblical characters. As Christians and leaders in prayer, the Bible is our main resource for ministry. Through Hannah and the Persistent Widow, we learn much that can be applied to our individual and corporate prayer lives.

Tips for Using *Women of Prayer*

All prayer resources may be used as you see fit. Some suggestions:

- As part of your *Prayer Connection* gathering
- At other prayer times
- At Planning Team meetings
- As an outreach tool
- In your personal devotional life

Here are some thoughts for how to utilize this resource:

- Use it as the devotional portion of *Prayer Connections*. You may want to split each one into two parts for the sake of time, or leave the second page for women to complete at home.
- Start your Planning Team meetings with a small portion of this resource. Discuss one of the application questions as you go into your prayer time for your outreach.
- Stonecroft Prayer Consultants may want to use one of these studies in its entirety at a Call to Prayer during the Heart Preparation section.
- Any other way God directs you!

May God strengthen and encourage each of you as you courageously call women to depend on Him through prayer.

Walking in Grace,

Traci Jackson
Stonecroft Prayer Development Coordinator
